Attorney General John Ashcroft
US Department of Justice, 950 Pennsylvania Avenue, NW
Washington, DC 20530

Dear Mr. Ashcroft:

We would like to see the antitrust case against Microsoft settled. We think it is ridiculous that this case was filed at all, and we are pleased that efforts have been made to resolve the lawsuit.

The terms of the settlement agreement are reasonable. Microsoft has made many concessions. Once the settlement agreement is approved, there should no longer be any concern about anticompetitive behavior on Microsoft's part. Microsoft has agreed not to take retaliatory action against those who develop or promote software that competes with Windows. Additionally, Microsoft has agreed not to enter into contracts with third parties that would require the third party to exclusively sell Microsoft's products. Nothing more should be required of Microsoft.

We urge the court to approve the settlement agreement in its present form. Thank you for reviewing these comments.

Respectfully,
Mark & Pam Collier
